prestigious 2016 Nature Photographer of the Year contest. As you can see from the pictures below, the judges had a hard time choosing the very best image but the first place along with a 10-day trip for two to the Galapagos Islands, two 15-minute image portfolio reviews with organisation's photo editors and a \$2,500 cash prize went to Greg Lecoeur for a superb shot of predators hunting sardines underwater.

### **How National Parks Tell Our Story—and Show Who We Are**

A landscape is part of the Earth's surface that can be viewed at one time from one place. It consists of the geographic features that mark, or are characteristic of, a particular area. The term comes from the Dutch word *landschap*, the name given to paintings of the countryside. Geographers have borrowed the word from artists. Although landscape paintings have existed since ancient Roman times ...
