Origins: How the Nine Months Before Birth Shape the Rest ...

It is Paul's contention, throughout this well-researched and thought-provoking book, that we haven't given nearly enough attention to all we learn and acquire in those critical nine months before we enter the world. "Origins" is a great first step in filling that gap. Organized into nine chapters representing the nine months of the writer's second pregnancy, the book takes us through tantalizing views of the latest research into what we learn and how we are shaped in utero.
